Step 3: Teacher Set Up for “NEW DIAGNOSTIC” Cont.

The teacher device will now show the code for the student device. The code MUST be entered on the student device before selecting “Begin Test”

The screenshot shows the KeyPhonics interface. At the top left is the logo with the tagline "Screen Diagnose Teach". The top navigation bar includes links for Home, Screener, Diagnostic (highlighted in orange), Reports, Help, and Logout. The main content area displays a generated code "TI1596478202BP" and a message: "Please enter the generated code below on the student device to begin the Diagnostic testing." Below this is a text input field containing the code "569564", which is circled in red. Further down, instructions state: "Once verification code is entered the student screen will say 'Please wait' until the testing is started by selecting BEGIN TEST on teacher's device." At the bottom, there are two buttons: a blue "Begin Test" button and an orange "VIEW INSTRUCTIONS" button.

Step # 2

Student Login

Step 5: Enter code on student device

Please enter the test code to start the test for the student

Step 6: Teacher Set Up

Select “Begin Test” to start the test immediately

The screenshot shows the KeyPhonics interface with a navigation bar (Home, Screener, Diagnostic, Reports, Help, Logout) and a generated code **T11586965514AI**. Below the code, there is a text prompt: "Please enter the generated code below on the student device to begin the Diagnostic testing." A text input field contains the code "259203". Below this, another text prompt reads: "Once verification code is entered the student screen will say 'Please wait' until the testing is started by selecting BEGIN TEST on teacher's device." At the bottom, there are two buttons: a blue "Begin Test" button circled in red, and an orange "VIEW INSTRUCTIONS" button. An arrow points from the "VIEW INSTRUCTIONS" button to the right-hand screenshot.

Or select “VIEW INSTRUCTIONS” to view Diagnostic Instructions before selecting “Begin Test”

The screenshot shows the KeyPhonics interface with the same navigation bar. The main heading is "Diagnostic Instructions:". Below this is a scrollable box containing "DIAGNOSTIC DIRECTIONS:" and "CONTRACTIONS:". The "DIAGNOSTIC DIRECTIONS:" section includes the text: "Read the following paragraph to your student before selecting Begin Test on your device: All Categories except contractions: 'I want you to read some words to me. These are not real words, they are ALL made-up words. I want you to try your best to read each made-up word. You will see a set of words on each screen. Start with the first word and read down the list. Be sure to do your best reading. Any questions? Look at your screen to see the first list. Please begin.'" The "CONTRACTIONS:" section includes the text: "I want you to read some words to me. These are ALL real words. I want you to try your best to read each word. You". At the bottom right, there is a blue "Begin Test" button circled in red.

Step 6: Teacher Set Up Cont.

The teacher device will now look like this

The screenshot shows the KeyPhonics teacher interface. At the top, there is a navigation bar with the logo 'KeyPhonics Screen Diagnose Teach' and links for Home, Screener, Diagnostic (highlighted), Reports, Help, and Logout. Below the navigation bar, the page title is 'Diagnostic Testing for Skill Category CVCC'. There is a 'Notes' section with a text input field containing 'baft' and an information icon. The main area displays three rows of phonics tiles. Each row consists of four letter tiles followed by a green square and a yellow 'Skip' button. The first row has tiles for 'b', 'a', 'f', 't' with '(raft)' below them. The second row has tiles for 'c', 'a', 'sp' with '(gasp)' below them. The third row has tiles for 'd', 'a', 'p', 't' with '(rapt)' below them. At the bottom right, there is a '1 of 9' indicator and a blue 'NEXT' button.

The student device will now look like this

The screenshot shows the KeyPhonics student interface. At the top, there is a navigation bar with the logo 'KeyPhonics Screen Diagnose Teach' and a user icon. The main area displays three words stacked vertically: 'baft', 'casp', and 'dapt'.

Step 7: Administering the Test

- Students are given 3 seconds to read each word
 - The orange blinking dot is a visual cue that blinks in one second increments
- As the student reads the words, mark the words according to the instruction box
 - The instruction box can be closed by clicking the “x”
